JOHN COULON LITTLE JOKER.

American Boxer Has Paris Scientists Guessing.

French Capital "Falls Hard" for His Game.

Wise Men Decide on Everything but the Right.

BY HARRY CARR.
(EXCLUSIVE DISPATCH.)

NEW YORK, Dec. 24.—The highbrows of Paris have fallen harder than did the intelligentsia of Los Angeles for an absurd practical joke that was born in the fertile brain of a little Paris fighter, Johnny Coulon. It is something that the physicians and scientists of Los Angeles still feel somewhat sensitive about. Absurd as it may seem, the most distinguished of the European have fallen for this delicious bit of bunk.

Almost a year ago, little Johnny Coulon, who was in Los Angeles training for a fight, announced that he had discovered a way of "short-circuiting" the strength of a man by pressing his finger lightly upon certain motor nerves.

Although a chap weighing less than 120 pounds, he seemed to be able to paralyze the strength of any man, however powerful, simply by pressing his fingers against a point on the man's chin and against a point on his wrist.

JEFFRIES POILED.
I saw Jim Jeffries try without success to lift the little fellow off the ground after he had placed his fingers in the manner described. A lot of doctors went out to see him in Los Angeles and the covers of the dictionaries were turned over to find the meaning of the discovery.

A special cable dispatch almost a column long to the New York Times states that Johnny is now in Paris mystifying scientific men by his extraordinary feat. It says half of Paris is going dippy trying the experiment and prowling around the anatomy trying to find the nerve centers, the pressing of which apparently turns Johnny into a ton of coal for weight and bulk.

Among the savants, who are making an effort to solve the mystery is Professor Richet, who won the Nobel prize for discoveries in medicine. Dr. Richet had Coulon up in his laboratory and examined his performance with scientific care. Among those whom the doctors got to try to lift the little boxer, was Cadine, weightlifting champion of the last Olympic Games. When Johnny submitted, Cadine picked him up and held him above his head, but when he placed the fingers of his right hand lightly on the other's neck just below the corners of the jaw bone and the fingers of his left hand on Cadine's wrist, the champion struggled in vain to get his great muscles to work.

THREE CONCLUSIONS.
The doctors have come to three conclusions about the phenomenon. First, there is no kind of trickery about it; second, that there is no trace of psychic suggestion between the man and the other; third, that the phenomenon proceeds from a weight of the subject, but in diminution of the muscular strength of the lifter.

There is one extraordinary feature discovered by Dr. Richet, that the diminution in muscular force was greater in proportion to the strength of the man making the lift. That is to say, the stronger the lifting force, the more easily he is resisted by the short circuit action which Coulon has discovered.

THE DEADLY SECRET.
Just before he left Los Angeles Johnny told me the deadly secret of his scientific discovery.

If the mystery were it to be in that he keeps himself at arm's length from his world-beater. By Stramships

NAVY ACCEPTS BIDS FOR FUEL OIL NEEDS.

MILION BARRELS WILL BE USED IN FIRST THREE MONTHS OF YEAR

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Dec. 24.—Bids for virtually 80 per cent of the Navy's fuel oil requirements for the first three months in 1921 were accepted today from the Standard Oil and Associated Oil companies.

The price was \$2 a barrel at pipeline terminals, according to a dispatch received at the Twelfth Navy District Headquarters. The remaining 20 per cent is still pending further negotiations between the Navy Department and the Shell and General Petroleum corporations. The total requirement for the first three months in the new year was estimated at 1,000,000 barrels.

IRONWORK EMPLOYEES GET PROFIT SHARING.

NEWBURN COMPANY STARTS AGREEMENT MADE RECENTLY; REGULAR PAY CUT.

(BY A. P. NIGHT WIRE.)
NEW YORK, Dec. 24.—Employees of the Newburn Iron Works and Supply Company received today their first week's pay on the profit-sharing basis established with the workers.

The pay in the envelopes handed out today represented a reduction of 10 per cent from the wages received a week ago and the new scale of pay, based on a reduction of 10 per cent from the wages received a week ago, was said by company officials to represent roughly the wage schedule put forward by the non-union several weeks ago before the profit sharing plan was agreed on.

Leaders among the employees after the pay roll had been distributed, said while not pleased with a reduction in wages, they were convinced that the company was giving them a square deal and that they were getting their interests represented in the plan in any way to the workers but had arranged a sliding scale of pay which operates on the volume of business done. He asserted that the company desired to show its employees that their interests were being looked after and that it hoped business conditions soon would improve to such an extent that the men would be able to turn out sufficient work to enable them to make even greater wages than before the wage reduction put into effect under the old system was made.

SOVIET WAR WITH GEORGIA IMMINENT.

BOLSHIEV DEMANDS REFUSED AND SITUATION IS REGARD-ED AS CRITICAL.

(EXCLUSIVE DISPATCH.)
WASHINGTON, Dec. 24.—Diplomatic cable dispatches today state that relations between Soviet Russia and Georgia have reached an impasse. War between these two states is regarded as imminent.

During the first two weeks of December the advice was the police and constabulary of Georgia rounded up all males who lacked documents of identification or who had no visible means of support. The dragnet gathered in a large number of speculators, thieves and many persons whose papers indicated they were Bolshevik agents. All the prisoners taken under guard to the government forests, where they were made to chop wood for the relief of the fuel famine.

In retaliation the Bolshevik regime arrested Georgian representatives in Moscow and Tiflis and ordered the arrest of Bolshevik agents in Georgia.

The Bolsheviks further demanded the immediate surrender of three of the ships formerly belonging to Georgia to the government in Tiflis, and which sought refuge in Georgian jurisdiction. In addition, the Bolsheviks demanded guarantees of non-molestation of Russian ships entering Georgian ports by allied destroyers.

In reply to the Bolshevik ultimatum the Georgian government refused to release the Bolsheviks and to permit the entry of Russian ships into Georgian waters. The dispatches state that the situation is the most critical that has arisen in the relations between Soviet Russia and Georgia.

The statement said that the President had refused to grant the pardon because Debs was a "deliberate traitor to the will of the American people."

WIDOW SUES ESPEE FOR HUSBAND'S FLU DEATH

(BY A. P. NIGHT WIRE.)
SAN FRANCISCO, Dec. 24.—The Southern Pacific Company was sued for \$25,000 damages today by the widow of William H. Rinker, a baggage man who died last January of influenza. Her suit alleges that the company had contracted the disease from a suffering passenger, who was placed in the baggage car for transportation. She alleged that her husband had protested against the presence of the man in the car, but that the conductor in charge compelled him to submit to the patient's presence for two hours and forty-five minutes, until the train reached Santa Barbara, where the passenger was removed.

Notorious Cult Leader Hit by

Says "Seer" Practices Free

Accusing Joshua Sykes of im-
proper conduct as leader of the
"Tabernacle of David," known here
as the "Church of the Living God,"
six years ago, Chief of Police Ham-
ilton Armstrong of Denver yester-
day asked Dist. Atty. Peley at Den-
ver to file charges against the cult
"Jehovah." Sykes, whose check-
ered career is well known in Los
Angeles and other California cities,
led his followers in an exodus from
his city to Berkeley six years ago
and later from Berkeley to Denver.
Both departures followed skirmishes
with the authorities in which Sykes
came out second best and in both
instances he predicted destruction
of the cities would follow his de-
parture.

Joshua's following apparently has
increased since his leave-taking of
Los Angeles. In 1914, for Chief
Armstrong declares the Tabernacle
of David has 600 members. The
chief charges that children of the
church followers have been hungry
and that they have eaten from gar-
bage cans while on their way to
school.

Free love doctrines from part of
the creed, according to the chief,
who asserts that Sykes forbids mar-
riage among his followers and that
he himself has left his wife to take

the church head constitute a menace
to the morals of the city of Den-

SUDOW SUSPECT
SEEN ON FARM.

Gray-Haired Man Bobs Up at
Anaheim, Then Flees.

Chicago Checks May Disclose
Woman's Wealth Source.

Lost Bag Which May Yield
Clew on Way to City.

The shabbily dressed man with
sandy mustache and hair streaked
with gray yesterday bobbed up again
in the Sudow murder investigation.
He was traced by the detectives
working on the case to a ranch three
miles north of Anaheim, where it
was learned that he left his employ-
ment two days ago and departed for
parts unknown.

The Anaheim trip was made by
Detectives McCarron and Hamilton.
The sandy-mustached individual, the
officers learned, gave the name of
George Metcalf when he applied for
a job as a ranch hand. He arrived
in Anaheim the Tuesday after the
body of Mrs. Fay Sudow was dis-
covered in a grove at Edendale. The
man showed signs of nervousness
the officers were told, and exhibited
an unusual interest in the Sudow
case. On one occasion he told an-
other ranch hand that he knew Mrs.
Sudow, but immediately closed up on
the subject and soon afterward dis-
appeared. He cashed his check at
the Farmers' and Merchants' Na-
tional Bank at Fullerton, signing the
name of George Metcalf. The man's
description, as given to the officers,
is as follows: Five feet, eight in-
ches, 150 pounds, about 35 or 40
years old, sandy mustache, dark hair
streaked with gray at the temples,
the index finger missing on the right
hand. The detectives are anxious to
find this man on the theory that he
may be able to give them some valu-
able information regarding Mrs.
Sudow's movements in the last few
days of her life.

counts are being continued by the

YOUNG AND OLD
RECEIVE BASKETS.

ALL THINGS NEEDED FOR THE
YULETIDE DINNER GIVEN
DESERVING HUNDREDS.

Three hundred and fifty of the
poor of Los Angeles stood in the
rain before the Christian Mission at
116 North Los Angeles street yester-
day and received laden baskets of
food and other things given by the
organization. All races and colors
were represented. Many of the re-
cipients of Christmas presents were
young, while others had to be as-
sisted as they carried their burdens
away.

In the baskets were all the neces-
sary things for the Christmas din-
ner, celery, bread, meat, and coun-
less other things which make the
season's feast a glad one. Coupons
had been issued to families the so-
ciety had investigated and these had
to be tendered before receiving a
basket.

The gifts seemed to revive the
spirit of Christmas which had been
almost forgotten by some of the
families. One old man with a burlap
sack filled to overflowing was led
away by a little negro boy whose
basket was as large as his frame.

PLAYLET FORMS PART
OF SCHOOL PROGRAM.

With the singing of Christmas
carols and the staging of the play-
let "The Prodigal Son," more than
500 students and graduates of the
National Automobile School and
their families were elaborately en-
tertained last night by the man-
agement of the school at the First
Presbyterian Church. Included in
the program were readings and solos
offered by friends of the school au-
dience. Following the musical en-
tertainment a Christmas tree loaded
with candles and other Christmas
eve knick-knacks formed the cen-
ter of attraction in the basement of
the church.

GIRLS HAVE GAY TIME.

Many Far from Home Enjoy Y.W.C.A.
Christmas Festivities.

Girls far from their homes in
fifteen different states and some
from England and Scotland were the
guests last night of the Young Wom-
en's Christian Association at a
Christmas party and entertainment
at 341 South Figueroa street. That
the girls in this city who are home-
less and whose home firesides are
far away might not lack the cheer
and sentiment of the joys of Christ-
mas Eve the association provided
musical and Christmas refreshments
that were appreciatively accepted.

The party was also the occasion
of the opening of the association's
sanitary headquarters at the above
address. It is on the site where the
new club building is to be erected.

PRESENT TO JUDGE TAFT.

As a Christmas gift, but more
especially in recognition of his uni-
form courtesy, William Ward,

day with a gold fountain pen, en-
graved with their names. Mr. Ward
was formerly clerk of Judge Taft's

HEAVY AUTO.

J. A. Flores of Hawthorne, 29 years
of age, employed as a truck driver
for Barker Brothers, was struck and
fatally injured by an automobile
driven by A. W. Covers of this ci-
ty last night. The accident occurred on
the Long Beach-Los Angeles Boule-

Long Beach.

Mr. Flores had stopped alongside
the road to light the tail light of his
truck when struck by the heavy
touring car driven by Mr. Covers.
The rain covered the windshield of
the touring car and blurred the vi-
sion of the driver.

Mr. Flores was picked up by
George Whitely of the beach city and
rushed to the Seaside Hospital,
where he died ten minutes after his
arrival.

He leaves his widow and three
children at Hawthorne. He had been

BRIDE WITHOUT GIFT USES GUN.

Shoots Husband in Head,
Then Ends Own Life.

Fires When Told She'd Get No
Christmas Present.

Spouse Had Just Used All His
Cash for Truck Buy.

Frustrated because her husband of five weeks was unable to buy her a Christmas present, Mrs. Frances Rofrano, 30 years of age, of 227 Alpine street, yesterday afternoon shot him in the head as he lay in bed and then fired a shot into her own brain.

The woman died instantly, but Pasquale Rofrano, the husband, rushed from the house and was taken in a passing automobile to the Receiving Hospital. Police surgeons, who treated him stated his wound is not serious.

According to Rofrano, who is a fruit broker, he married about five weeks ago. His wife was two years older than himself. Just before his marriage Rofrano purchased an automobile truck and yesterday morning made a payment of \$50 on the machine. After making the payment, he drew out all that remained of his bank account, \$1, and went home.

"After I came into my house," stated Rofrano to the police, "I went right to bed because I felt badly on account of not having enough money to buy my wife a Christmas present."

"I had been asleep about an hour when Frances woke me up. She asked me what I had bought for her and I told her that I had no money. She then whipped a revolver from her skirts, and declaring that I had not treated her right, she shot me. She then shot herself. The bullet intended to kill me, only grazed my head, and after seeing that my wife was dead I rushed from the house."

Although police officers in their investigation of the tragedy found every evidence to uphold the Italian's story they placed the man under arrest and will hold him until the investigation is completed.

DEBATERS ARE DUE.

Princeton Team Here Today to Meet
West's College Orators.

The four members of Princeton University's crack debating team, which is to meet the Occidental College team at the Elwell clubhouse next Tuesday evening, will reach Los Angeles at noon today.

Princeton has the affirmative on the question, "Resolved, that Strikes in Essential Industries Should be Prohibited," and will debate with the teams of Occidental College, the University of California, the University of Oregon and the University of Washington in turn, maintaining the same side throughout. The Princeton team consists of three regular speakers and an alternate. In the debate with Occidental, the judges will be Judge Fink, Bishop Stevens and Judge Crail. Occidental will be represented by James Shepard and Mr. Jamieson, seniors, and Raymond Petty, junior. The present trip is the most extensive debating tour ever undertaken by a Princeton team and one of the most ambitious in the history of American intercollegiate debates.

DELOREY TAKES SEAT.

New Council Member Formally
Sworn in and Given Committee.

Edward J. Delorey was yesterday formally elected a member of the City Council to fill the unexpired term of the late A. P. Fleming. The Councilman having previously agreed upon Mr. Delorey at a caucus on Thursday, Councilman Langdon nominated Mr. Delorey and the nomination was seconded by Councilman Sanborn. The vote was unanimous and the new Councilman was immediately sworn in by City Clerk Wheeler in the Council chamber and took the seat and desk formerly occupied by Mr. Fleming.

The new Councilman was appointed by President Workman as chairman of the Committee on Efficiency and Supply and as a member of the finance and harbor committees.

REELS FROM MEXICO.

Commerce Chamber Party's Trip
Across Border will be Showa.

Motion pictures showing members of the Los Angeles Chamber of Commerce participating in celebrations during inaugural week in Mexico City will be exhibited for a week at Miller's Theater beginning today.

President Oregon meeting the members of the chamber's trade excursion, entertainments given in honor of the Angelenos and other scenes of interest are depicted. Motion pictures of the trip into Mexico will be shown, probably in January, at a smoker at the chamber. The date has not been definitely set.

SAVED BOAT, NOW WANT PAY FOR IT.

An action in libel was filed in the United States District Court yesterday by the Buchner Lumber Company, asking for \$25,000 damages for the rescue from wreck of the steam schooner Prentiss by the Martha Buchner. The Prentiss was picked up sixty miles south of San Francisco on December 17, when she was displaying distress signals. The lumber company's boat made fast to her and towed the vessel into San Pedro. The Prentiss is said to be worth \$75,000.

YOUTHFUL BAD CHECK PASSER GOES TO JAIL.

Young Lloyd Holmes, an employee of the Union National Bank of Pasadena, who pleaded guilty to the charge of grand larceny in having defrauded the Union National Bank and the Citizens Savings Bank of that city of \$1500 by means of a bad check drawn to the account of A. SHORT SHRIFT FOR "MASHERS."

Two Young Men Who Accosted
Women on Street Draw
Brief Sentences.

W. E. Lightfoot and Dave Pries, each 22 years of age, arrested early yesterday morning as "mashers," entered pleas of guilty in Police Judge Chambers' court and were sentenced to pay a fine of \$50 or spend sixty days in jail each. Late last night the fines had not been paid.

According to the testimony of several women, the two men accosted them on the street and asked to see them home. The "mashers" then followed the women to their homes and were in the vicinity when arrested.

MOTORSHIP SAILS FOR SAN FRANCISCO.

OWNER JOHNSON IS HOST ON
FINE VESSEL TO VISITORS
FROM CITY.

The motorship Buenos Aires of the Johnson Line, which arrived in this port several days ago on a tour of Pacific Coast harbors, sailed last night for San Francisco. While here Axel Johnson, owner of the line, gave a luncheon which was attended by a number of the representative men of Los Angeles.

The guests gathered Thursday afternoon on board the ship, which was docked in the outer harbor. The local men were greatly impressed by the personnel of the crew and with the ship. Mr. Johnson told the visitors that he has no officers aboard who do not possess college degrees, as the company is able to get a particularly high class of men to man its ships due to the type of boat employed. The motorship has no stokers and as each position is for clean work, the owner stated he has little trouble filling the crew list.

Among those who attended the affair were Gottlieb Eckdahl, Swedish Vice-Consul; Marius de Brabant of the Los Angeles Pacific Navigation Company; William D. Woolwine of the Merchants' National Bank; James Forreth of the First National Bank; George Carpenter, president of the World Traders, and officers of the ship.

Wife Divorces Man Convicted of Bank Steal.

Mrs. Bertha Brown was granted a divorce by Judge Crail from Arthur Leroy Brown, yesterday, on the ground that he had been convicted of a felony. Brown was arrested for robbing a branch of the Hellman Commercial Trust and Savings Bank and was convicted March 22 last. Mrs. Brown testified she was in court when he was convicted. Brown was sent to San Quentin, and it is said that Mrs. Brown stated at the time that she would wait for him until he left prison.
